To the citizens of Erie County:

Respectfully submitted for your review is the annual report for your Erie County Sheriff's Office for calendar year 2014. This report covers in detail the activity generated as we carried out our varied statutory and public service duties and responsibilities throughout the year.

Your Sheriff's Office consists of three divisions: the Patrol Division, comprised of Patrol Deputy Sheriffs, Detectives, and Communications Officers; the Jail Division; and the Civil Division.

A brief review of the information contained in this report reveals the following interesting statistics for each division of the Sheriff's Office for 2014:

- We received 26,900 classified calls for service, an increase of 18% from 2013. While that number increased, we are pleased to report that major index crimes (homicides, rapes, robberies, felonious assaults, burglaries, and breaking and entering) decreased 35% from 2013.
- Law enforcement efforts resulted in sworn personnel serving 932 arrest warrants and making 1,049 criminal arrests. Our traffic enforcement efforts resulted in 92 impaired driving arrests and the issuance of 1,892 traffic citations and 3,350 traffic warnings. We also investigated 702 traffic crashes. Our detectives opened 381 investigative case files and closed 279 investigations during the year.
- Communications officers were very busy. They answered a total of 37,147 calls through the 911 system and 205,067 calls on non-emergency lines.

- The efforts of the Civil Division resulted in the service of 5345 writs (subpoenas, protection orders, and other forms of civil process directed to the Sheriff for service) and the sale of 351 properties through court-ordered Sheriff's Sales. The Civil Division also coordinates sex offender registrations and the issuance of concealed handgun licenses. We registered 360 sex offenders and issued 1767 concealed handgun licenses during 2014. Since 2002, the number of sex offenders registered by the Sheriff's Office has increased over 23% and the number of concealed handgun licenses issued in 2014 showed a decrease of 48% over 2013.
- Corrections Officers booked a total of 3936 arrestees in the county jail. The average daily jail population was 133 inmates.

Other information of interest for 2014 for your Sheriff's Office includes the following:

- Three employees—Deputy Sheriff Beth Beatty, Corrections Officer Pam Griffith, and Communications Officer Dispatcher Jane Dean retired during the year. Best wishes to them for a healthy and enjoyable retirement—they certainly have earned it.
- We continue to maintain Sheriff's Office substations in Margaretta, Groton, Oxford, Huron, Milan, Berlin, Vermilion, and Florence Townships. The existence of these substations allows for our Patrol Division Deputy Sheriffs to report directly to assigned areas of patrol throughout the county at shift changes—rather than reporting to the Sheriff's Office as a group—greatly reducing response times to calls for service and increasing our agency's visibility and crime prevention efforts throughout the rural areas of the county. These substations would not be possible without the cooperative relationships that we continue to enjoy with the township trustees in all of the townships throughout the county.
- Due to the continued cooperation and support of educators in the Edison and Margaretta Local School districts, and with the financial support provided by Dave and Margaret Rudolph through funds collected in memory of their son during the Brad Rudolph Memorial Scholarship Golf Scramble, Deputy Sheriff Chad Henderson continued to instruct the DARE program to students in both school districts. During 2014, we were able to sponsor—because of that same cooperative spirit—the appearance of Operation Street Smart at Edison and Margaretta High Schools and at the EHOVE Career Center. Operation Street Smart, presented by the Franklin County, Ohio Sheriff's Office, exists to provide the most current information available to students, educators, and parents concerning the use and abuse of alcohol and narcotics in our communities.

- Due to the continued cooperation and support of educators at the EHOVE Career Center, Deputy Sheriff Nick Mazur continued to provide school resource law enforcement services at the school throughout the academic year. This was the twelfth consecutive year for this program.
- Due to the continued cooperation and support of educators at Firelands College of Bowling Green State University, Deputy Sheriffs Ed Wimmer and Mark Jacobs continued to provide year-round primary law enforcement services throughout the campus. This collaborative program has been in place for many years.
- Due to the continued cooperation and support of educators at North Point Educational Services Center (NPESC), Deputy Sheriff Keith Bodi continued to provide school resource law enforcement services at NPESC's facility housed in the former Adams Junior High School in Sandusky.
- Due to the continued cooperation and support of Erie County Engineer Jack Farschman, Deputy Sheriff Mark Paule continued to perform commercial motor vehicle weight enforcement duties throughout Erie County.
- Due to the cooperation and support of the Erie County Commissioners and the Erie County Department of Job and Family Services, we continued to assign a Deputy Sheriff to JFS to concentrate on the service of arrest warrants issued in cases relating to child support issues.
- Due to the continued cooperation and support of the Huron Township Trustees, we were contracted to provide four Deputy Sheriffs and one Communications Officer to provide law enforcement services and supplemental dispatching services within Huron Township.
- We continued to provide emergency public safety dispatching services to political subdivisions throughout Erie County. Along with dispatching Sheriff's Office personnel and acting as a message relay point for other county offices, we also dispatched the following agencies: Sandusky Police and Fire Departments; Perkins Township Police and Fire Departments; Huron Police and Fire Departments; Bay View Police and Fire Departments; Kelleys Island Police, Fire, and EMS Departments; Erie Metroparks Rangers; and the Margaretta Township, Groton Township, and Vermilion Township Fire Departments. The Sheriff's Dispatch Advisory Board, chaired by Margaretta Township Fire Department Chief Bill Mohr and comprised of the chiefs of the agencies that we dispatch for, continued to work toward administrative and operational issues pertinent to the dispatch operation.

- We provided requested back-up assistance to law enforcement agencies throughout the county on numerous occasions. We also continued to host monthly meetings of police chiefs throughout the county, along with attendees representing law enforcement agencies from various local, state, and/or federal agencies. These meetings allow for direct communication and information sharing between these law enforcement professionals.
- Due to a reorganization of staff and a reduction in the availability of park rangers, we began to provide primary law enforcement response to calls for service at Erie Metroparks properties throughout the county in 2014.
- With the outstanding support and cooperation of Lions Clubs throughout Erie County, we continued Project Lifesaver throughout the county. Project Lifesaver provides equipment that can assist in locating those individuals with cognitive disorders who wander from their caregivers. Deputy Beth Beatty was the original coordinator for this program for our agency; upon her retirement Deputy Ron Schnittker assumed that role.
- We continued to work cooperatively with the members of the Erie County Commission, the Erie County Administrator, and all other state, county, and local officials in an effort to provide the most effective and cost-efficient law enforcement services possible to our constituents throughout the county.

In summary, while unique in many ways, 2014 was a typically busy year for your Sheriff's Office. While statistics alone can be useful, they do not—and cannot—reflect the true devotion to public safety that the staff members of your Sheriff's Office demonstrate while performing their day-to-day duties under what can only be described as, at best, difficult conditions. Whether the individual is a Communications Officer, a Corrections Officer, or a Deputy Sheriff, our personnel strive to, on a daily basis, conduct themselves ethically, professionally, and in a dignified fashion, regardless of the situation that may occur. They are the most valuable asset that we have.

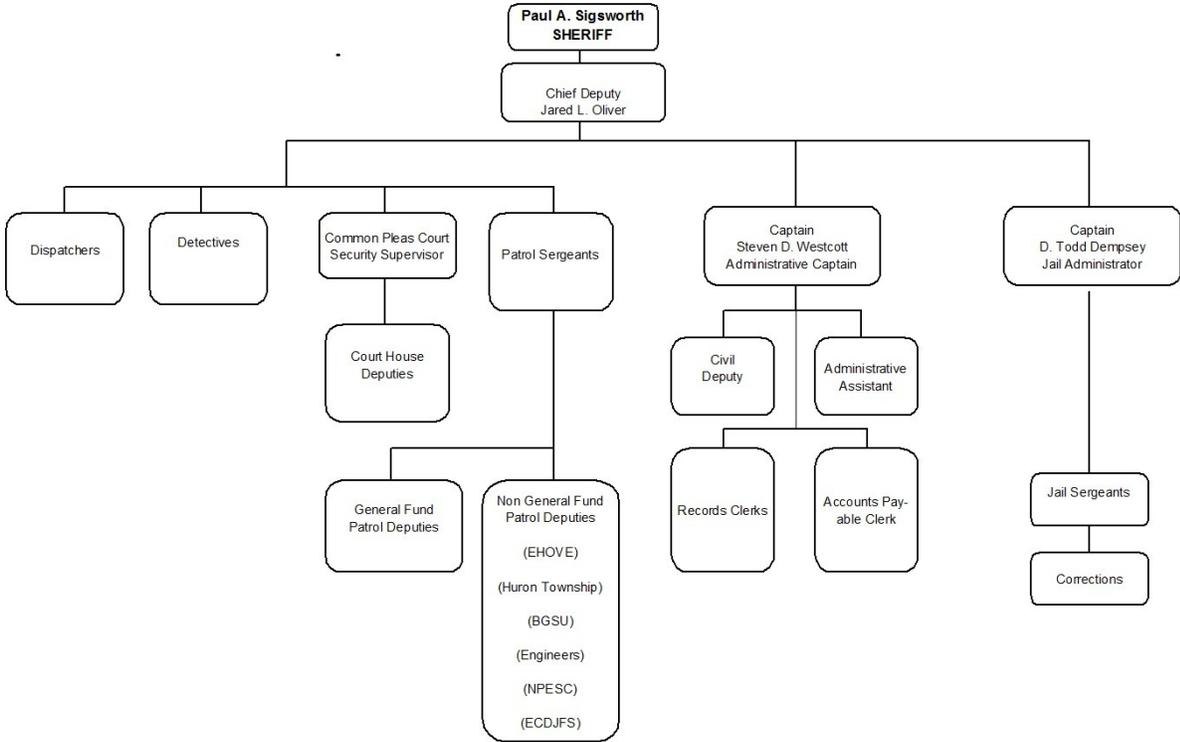

Finally, we wish to thank you, the citizens of Erie County. We thank you for your ongoing support of our agency, both through your tax dollars and your conduct. We thank you for your patience with us when we make a simple human error. We know that the vast majority of you are law-abiding and peaceful individuals who support our efforts to serve and protect you and who realize the trying situations that we face. We are deeply grateful for that support, and we will continue to work diligently every day to continue to earn and maintain your support and respect.

On behalf of the entire staff of your Erie County Sheriff's Office, I remain,  
Respectfully,

Paul A. Sigsworth  
Sheriff

# ERIE COUNTY SHERIFF'S OFFICE ORGANIZATIONAL CHART

# PATROL DIVISION OVERVIEW

Chief Deputy Jared L. Oliver supervises the Patrol Division of your Sheriff's Office. He has a number of years experience with the agency, having served as a Corrections Officer, Patrol Division Deputy, and Detective, Detective Sergeant, and Detective Lieutenant. He graduated from the 242<sup>nd</sup> Session of the FBI National Academy in 2010, and was promoted to Chief Deputy Sheriff on June 1, 2012.

Chief Deputy Oliver is the second-in-command of your Sheriff's Office. In the event that Sheriff Sigsworth is absent or unavailable, Chief Deputy Oliver commands the entire agency.

The Patrol Division is composed of Patrol Deputy Sheriffs, Detectives, and Dispatchers.

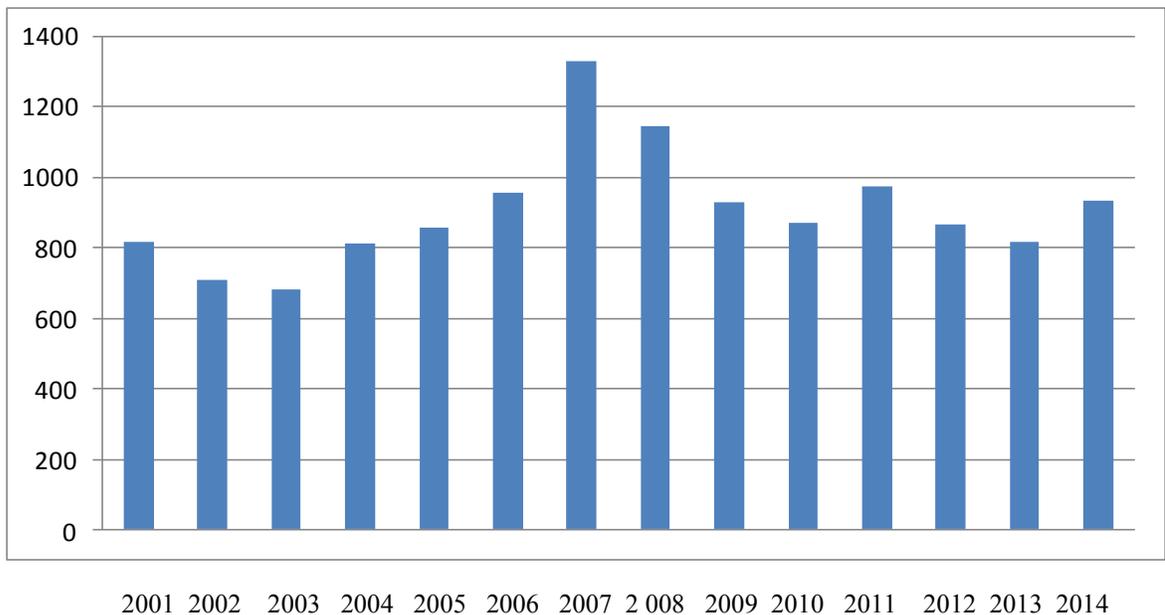

During 2014 Patrol Deputy Sheriffs totaled thirty one in number, exclusive of contract positions and three deputies assigned to the Detective Bureau.

Also during 2014, your Sheriff's Office provided four Patrol Deputy Sheriffs at the Erie County Courthouse to provide security for Common Pleas Court personnel in the courtrooms and throughout the building. Those deputies also conducted prisoner transports between the Courthouse and the county jail, and between other facilities throughout the state and the county jail, and provided security and supervision for those transported prisoners.

# JAIL DIVISION OVERVIEW

Lieutenant Thomas “Casey” Proy is the Erie County Jail Administrator and he oversaw the operation of the Erie County Jail in 2014. He was responsible for the operation of the only jail facility in Erie County. In addition to the Jail Administrator, the jail is staffed by twenty five full-time, and a number of part-time, Corrections Officers.

Prisoner meals are provided under contract by the Aramark Corporation, and that company operates the jail’s in-house kitchen. Based upon an average daily jail census of 133 prisoners during 2014, a total of 145,635 meals were served. The average cost of each meal is \$1.25.

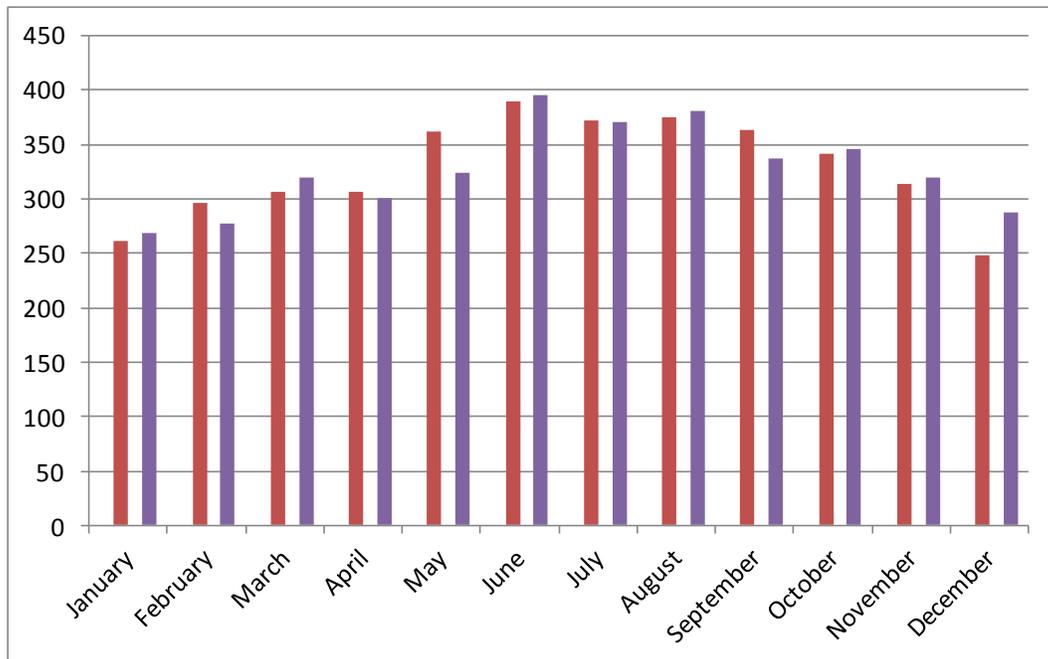

Jail nursing services are provided every day by contract with the Erie County Health Department, and jail physician services are provided by contract with Northern Ohio Medical Specialists (NOMS).

The operation of the Erie County Jail received satisfactory reviews by the members of the Erie County Grand Jury, who routinely inspect the jail as part of their statutory duty.

# **CIVIL DIVISION OVERVIEW**

Administrative Captain Steve Westcott supervises the Civil Division of your Sheriff's Office. He is a former Perkins Township Police Department patrol officer and sergeant, a former Erie County Common Pleas Court adult probation officer, a former employee of the Erie County Auditor's Office, and began his employment with the Sheriff's Office as the Assistant Jail Administrator in January 2001.

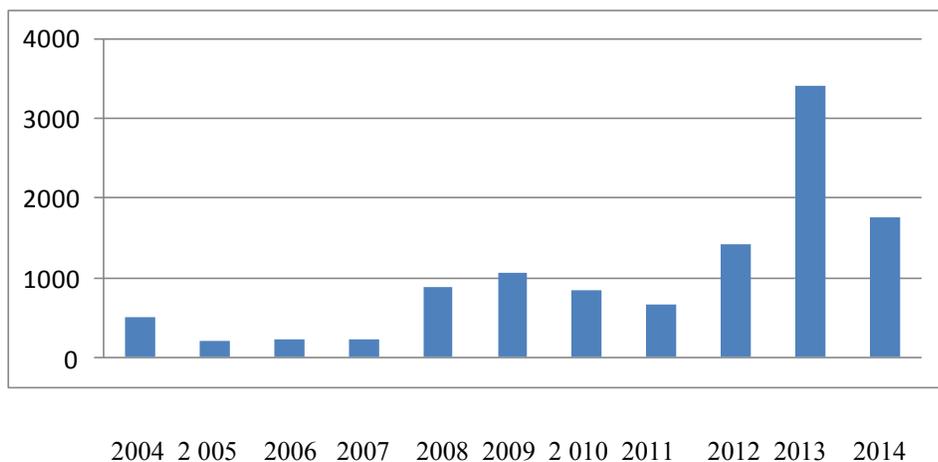

The Civil Division is responsible for all civil, fiscal, payroll, personnel, records, sex offender registration, concealed handgun license, background check, and grant reporting duties of your Sheriff's Office. During 2014, Captain Westcott supervised three full-time secretaries, one Deputy Sheriff, one part-time secretary, and one clerk.

# FISCAL/ CIVIL DIVISION STATISTICS

## LICENSE ISSUANCE BY YEAR

In April of 2004 Ohio's Concealed Carry Law became effective. In the nine months of 2004 that Ohioans could carry concealed handguns, the Erie County Sheriff's office issued 508 licenses. The graph below illustrates the number of licenses issued since the 2004 Concealed Carry Law became effective.

# FISCAL/CIVIL DIVISION STATISTICS

## SEX OFFENDERS

The Ohio Legislature enacted Ohio Revised Code Chapter 2950, the Sex Offender Registration law, in 1997 known as Megan's Law. This law requires persons convicted of specified crimes and has designated them as a Sexual Predator, Habitual Sex Offender or Sexually Oriented Offender, to register with the Sheriff of the county in which they will reside. This registration procedure takes place upon release from a term of imprisonment or, if not imprisoned, then upon moving into a county after conviction.

Starting in January 1, 2008 the Adam Walsh Act was implemented in Ohio. It changed the structure of how the offenders were classified. The Tier System was implemented with Tier I Offenders being the least serious class and Tier III Offenders being the most serious class. Community notifications are performed on Tier III Offenders that had notifications performed under the old law.

In June of 2010 the Ohio Supreme Court ruled in State v Bodyke that the Ohio Attorney General had no authority to reclassify Sex Offenders who had already had a Judicial Hearing under Megan's Law. As such, all Megan's Law classified Sex Offenders were changed back to their original classification.

In 2014 a total of 12 Sexually Oriented Offenders were removed from the registry after their registration requirements expired. Also in 2014 a total of \$400.00 in registration fees were collected, 360 registrations were performed, and 196 follow up investigations were performed with 7 arrests being made.
