The Board of Erie County Commissioners is disappointed to learn that the City Commissioners of Sandusky decided to file a lawsuit against the County over the long-standing Sewer Services Agreement between them. The County believes it is fully in compliance with the Agreement, versions of which have been in effect since 1968, to provide reliable sewer service to residents of the City and County. The County Commissioners are currently consulting with legal counsel to prepare a response to the lawsuit.

Erie County Commissioners:

Patrick J. Shenigo, Mathew R. Old, and Stephen L. Shoffner
