_____

In my judgment, the actions of the driver of the listed vehicle violated Section 4511.75(A) of the Ohio Revised Code by passing a stopped school bus while the bus was stopped on a public roadway to load or unload children, and the flashing red lights on the bus were activated at the time of the violation. I have checked the condition of the flashing red lights on the bus after this incident and they were found to be in proper working order. I have every reason to believe that the red lights were operational at the time of this incident.

Signature of bus driver: _____
