

RULE 10 - DISCHARGE TO COUNTY OWNED AND OPERATED POTW

Section 1. All industrial and/or commercial sewer users discharging wastewater to a POTW owned and operated by Erie County must comply with the rules and regulations governing industrial wastewater pretreatment established by Resolution No. 90-223 adopted by the Board of County Commissioners of Erie County, Ohio on August 27, 1990.

Section 2. Industrial and/or commercial wastewater dischargers may be required to enter into a written agreement with Erie County detailing the terms and conditions of such discharge prior to the issuance of a permit to connect to the County sewerage system.
