

RULE 14 - OPERATION AND MAINTENANCE OF PRE-TREATMENT FACILITIES

Section 1. Where facilities have been provided for the pretreatment of any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner of such facilities at his expense, and shall be subject to periodic inspection by the Sanitary Engineer.

Section 2. The owner of a pretreatment facility or facilities shall maintain complete and accurate operating records and shall submit to the Sanitary Engineer, complete and detailed reports that accurately define and determine the character of the influent and effluent, as may be prescribed by the Sanitary Engineer to demonstrate satisfactory performance of the pretreatment facilities.
