Victim
Information and
Notification
Everyday

JIM PETRO
ATTORNEY GENERAL

STATE OF OHIO

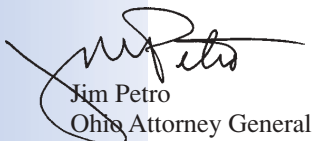

Dear Ohioan,

Crime victims have the right to be informed. Through VINE, the largest and most comprehensive automated victim notification system in the country, victims can get information and notifications regarding their offenders free and anonymously.

VINE links county sheriffs and statewide correctional facilities to make the status of offenders available 24-hours-a-day, 365-days-a-year. Anyone may call the toll-free VINE hotline to access custody information, which is made available in English and Spanish. Callers may also register directly with VINE to receive telephone notification of changes in custody. A live operator is available 24-hours-a-day to assist callers in accessing information or registering for notification.

Every day on average more than 50 inmates are released by the Ohio Department of Rehabilitation and Correction alone. Many of these inmates have committed violent crimes. VINE will let those victims that have registered for notifications know almost immediately if a perpetrator is scheduled for release, parole, or a hearing.

We hope this technology will afford victims some peace of mind while at the same time empower them with information. As always, the Office of the Attorney General seeks to serve the crime victims of Ohio.

A handwritten signature in black ink, which appears to read "Jim Petro". The signature is stylized and fluid, with a large loop at the end. It is positioned above the printed name and title.

Jim Petro
Ohio Attorney General

What is VINE?

Victim Information and Notification Everyday

VINE is a free, anonymous, computer-based service that provides victims of crime two important services:

- ❖ **Information.**
- ❖ **Notification.**

Information

For defendant custody information, call 1-800-770-0192 and follow the prompts. Callers use basic information to search the VINE database. VINE will quickly provide the caller with offender status information.

1-800-770-0192

Notification

Callers may choose to register for automated telephone notification when an offender has a change in custody status. In some cases, letters may be sent.

How Do I Participate in the VINE Program?

To locate an offender in a county jail, state prison or state juvenile facility, or to

register for notification, call the VINE hotline directly from a touch-tone phone. Once connected, follow the computer prompts given by the VINE service. During registration you will be asked to provide a telephone number and select a four-digit PIN code. The Ohio VINE service is available in English and Spanish.

Offenders housed in a municipal jail facility are not included in the VINE database.

What Is A PIN?

The PIN (Personal Identification Number) is a four-digit number chosen by you. Your PIN is used to confirm receipt of notification calls from VINE. Choose a number that is easy for you to remember and write it down.

What If I'm Not at Home or My Phone Is Busy When VINE Calls?

The VINE service is designed to allow every opportunity for you to be notified. If there is no answer or the line is busy, VINE will continue to call for a minimum of 24 hours. VINE will leave a message on an answering machine, but will continue to call for 24 hours or until the PIN is entered.

Can I Register More Than One Telephone Number with VINE?

Yes, but each registration must be done separately and requires a PIN. You may use the same PIN for several registrations.

Does VINE Ensure My Safety?

The VINE program is designed to provide you with quick and easy access to offender information and to assist you in preparing for an offender's release. Do not depend solely on VINE or any other program for your safety.

Who Sponsors VINE?

VINE is provided by Ohio Attorney General Jim Petro, the Buckeye State Sheriffs' Association, the Ohio Department of Rehabilitation and Correction, and the Ohio Department of Youth Services. It is funded by a Victims Of Crime Act grant.
