

RULE 19 - TESTING METERS

Section 1. The County will test a water meter upon the request of a property owner or customer. If the meter reading varies more than **three percent (3%)** on any size up to and including two inches (2"), or more than five percent (5%) on any size larger than two inches (2"), **the most recent** water bill will be adjusted accordingly and the meter will be corrected and reinstalled or replaced, all at the expense of the County. If the meter is found to be recording water consumption within the limits stated above, **the customer** will be charged for the cost of removing, testing and reinstalling the meter.

Section 2. A **\$40.00** minimum charge, plus the cost of labor and material required in testing of the meter, will be charged to the person requesting the test.
